

# Intensive **UPPER LIMB** Programme

Achieve meaningful arm use with this personalised 3-week programme.

Our specialist neurophysiotherapy team delivers hands-on, evidence-based rehabilitation focused on real life function & movement quality.

## Feedback following programme:

"The Intensive Upper Limb Programme was really well thought-out and truly tailored to my needs, challenges, and goals. For the first time, I feel like I'm finally on the right path with my rehab and recovery. Having such a solid plan in place makes me excited to see where I'll be in six months."
